

The *Lotus Live* Guide to **Chemistry**

(Updated January 2, 2008)

Table of Contents

Introduction	2
Matter	2
<i>History of Matter</i>	2
<i>States of Matter</i>	2
<i>Atomic Theory</i>	2
<i>The Elements</i>	2
<i>The Mole</i>	2
Chemical Interactions	3
<i>Reactions</i>	3
<i>Bonding</i>	3
<i>Equations</i>	3
Acids and Bases	3
<i>Introduction</i>	3
Nuclear Chemistry	3
<i>Introduction</i>	3
Organic Chemistry	3
<i>Introduction</i>	3
Water Chemistry	4
<i>Introduction</i>	4

Introduction

- Because we believe every person, regardless of formal education level should be able to learn about and contribute to the solutions that will make a better world, this guide is your source for education about all of the intermediate and advanced chemistry you will need to fully understand the content on Lotus Live.
- As Lotus Live's knowledge base increases, and as new resources are created, this guide will be updated. The most recent version of this guide can be found [here](#).
- Eventually, Lotus Live will be collecting educational materials specifically tailored to what the average person needs to know to fully understand the problems and solutions in the future. For now, check out the following excellent ecology guides from Visionlearning.

Matter

History of Matter

- For now check out the Visionlearning module on [The History of Matter](#).

States of Matter

- For now check out the Visionlearning module on [States of Matter](#).

Atomic Theory

- For now check out the Visionlearning modules on [Atomic Theory I](#) and [Atomic Theory II](#).

The Elements

- For now check out the Visionlearning module on the [The Periodic Table](#).

The Mole

- For now check out the Visionlearning module on [The Mole](#).

Chemical Interactions

Reactions

- For now check out the Visionlearning module on [Chemical Reactions](#).

Bonding

- For now check out the Visionlearning module on [Chemical Bonding](#).

Equations

- For now check out the Visionlearning module on [Chemical Equations](#).

Acids and Bases

Introduction

- For now check out the Visionlearning module on [Acids and Bases](#).

Nuclear Chemistry

Introduction

- For now check out the Visionlearning module on [Nuclear Chemistry](#).

Organic Chemistry

Introduction

- For now check out the Visionlearning module on [Organic Chemistry](#).

Water Chemistry

Introduction

- For now check out the Visionlearning module on [Water Chemistry](#).

About this Guide

Author: [Nick Enge](#)
